

# Groundwater Resource Investigation Request

**Clearwater UWCD**    <http://www.cuwcd.org>  
[daaron@cuwcd.org](mailto:daaron@cuwcd.org)

Phone # 254-933-0120,    Fax# 254-933-8396  
P.O. Box 1989, 700 Kennedy Court;    Belton, Texas 76513

**To:**    All Platting Authorities within the political boundaries of Bell County  
(including, but not limited to, rural areas which are not a part of an existing city limit or ETJ)

**Subject:**    Groundwater Resource Investigation as required in the Subdivision Platting Process

**Purpose:**    CUWCD (District) requests that all County and Municipal Authorities with political over-site to the development/approval of proposed subdivisions require a \*groundwater resource investigation and analyses.  
*\*CUWCD will participate as needed during the platting approval process. CUWCD will complete a groundwater resource investigation as a part of the platting process. The investigation will evaluate the regulatory status of existing wells (registered/unregistered), well head condition, and determine if requiring plugging before final approval of the proposed plat and subdivision is necessary. If the development intends to have the wells maintained and operational for the subdivision, the District will review the legal process for appropriate permitting under CUWCD Rules and Chapter 36 "Texas Water Code for Groundwater Conservation Districts" and will advise all parties of the feasibility.*

## Development Name and Information

## Site Address / Description

Name: _____	Total Development Size (acres): _____
Address: _____	List all Property ID's per BellCAD: _____
